

## MCLE Multiple Activity Provider Renewal Helpful Hints

For your information and assistance in having your application approved, please review each of the following issues and potential deficiencies that may delay its approval or result in it being returned to you to correct a deficiency:

1. **Failure to list four “eligible activities.”** The MCLE activities submitted must each have different educational content and must have been offered within at least two years prior to the date your status is set to expire.
2. **Incorrect calculation of credit given.** The calculation of each hour (or fractions thereof) of MCLE credit given to licensed California attorneys must be based upon a 60-minute hour of legal education or instruction. Legal education is the actual length of time devoted to an acceptable and approved educational subject.

Licensed members **MAY NOT** receive (and Providers must not offer) any MCLE credit for any of the following:

- A. Time needed to register for an event, or time spent viewing vendor exhibit or demonstrations;
- B. Scheduled breaks, rest periods, or time spent consuming meals or time attending receptions;
- C. Meal presentations without any approved legal content or that fail to indicate the actual length of the speaker's presentation;
- D. Time devoted to marketing or to advertising or promote a law firm or the attorney's services; finding new clients, methods of increasing the revenue or profit associated with the practice or law;
- E. Any non-legal function such as business meetings, networking events, entertainment or tours, or time spent preparing evaluations or used to issue certificates, awards or professional recognition.

Members **MAY** receive MCLE credit for the following parts of a course presentation:

- A. The opening remarks and introduction of speakers.
- B. Closing remarks, question & answer periods;
- C. Self-assessment tests (must be timed)

3. **Failure to provide a clear, concise and meaningful description for credit given for any MCLE subfield.**

- A. **Legal Ethics:** Any program offering such credit must describe the educational content and the supporting materials that confirm that it offered attendees a discussion of the California Rules of Professional Conduct, or the ABA Model Rules, along with reference to any other statutory or case authority that discussed the ethical practice of law in California. Credit may not be given for any content that was focused on judicial ethics, business or corporate ethics or societal ethics in general. (Programs providing legal ethics education in the use of social media maybe worthy of credit; programs offering advice in the use of social media for purposes of marketing are not credit-worthy.)
  - B. **Recognition and Elimination of Bias:** A program offering such credit must offer meaningful education in the recognition, identification and prevention of bias found in the legal profession and/or society.
  - C. **Competence Issues:** A program offering such credit must offer education in substance abuse or other mental or physical issues that impair a member's ability to practice law with competence. Credit must not be given for programs that offer help or instruction in treating alcohol and substance abuse or a mental or physical condition through yoga, meditation, therapy or other forms of “stress relief.”
4. **Programs regarding “Law Practice Management”** General MCLE may be offered if the activity provides education or practical instruction in the practice of law, litigation or the management of a solo law practice, law firm or corporate legal department, the ethical management of client trust accounts, law firm finances and attorney-client communications, case management, effective calendaring and the avoidance of malpractice.
  5. **Renewals submitted without the appropriate filing fee** Each application and its payment must be submitted together. Separate checks are easily misrouted, returned or not applied to your renewal application. For those who wish to pay by credit card, a fillable Credit Card Payment Form is available on the State Bar's website.
  6. **Failure to identify the basis for MCLE** For any activity described in your renewal application, each activity of one hour or less must list its start/end times on the Record of Attendance. For activities or programs offered during half-day or multi-day events, each session and its credit must be identified so that the total number of hours of MCLE credit given can be verified. All sessions for which MCLE credit is given must be adequately described in any program, agenda or brochure prepared for the verification of both the complete substance of each activity and the total number of hours of MCLE credit given. Thus, for an application to be approved, all hours of credit given must be adequately identified, described and counted. **Please note:** Credit for concurrent MCLE sessions are to be counted only once since members attending are able to attend only one session at a time.
