An Extension Application must be filed by an applicant no sooner than every 30 months and no later than every 36 months after an initial determination of good moral character has been made by the State Bar, and after each subsequent determination, until such time as the applicant is certified for admission to practice law in California. The Extension Application must be accompanied by the fee specified in the schedule of fees published by the State Bar and by two sets of fingerprints for out-of-state applicants. Applicants who reside in California must submit fingerprints via Live Scan technology. If submitted online, requests for Live Scan Service forms will be emailed to applicants after their applications have been submitted. The Extension Application must be submitted in substantially complete form as defined by the State Bar, and must be uploaded or otherwise received in the Los Angeles Office of Admissions on or before the expiration date.

REAPPLICATION SUBSEQUENT TO RECEIPT OF AN ADVERSE MORAL CHARACTER DETERMINATION OR WITHDRAWAL UNDER CHAPTER 4 OF THE ADMISSIONS RULES

Following the expiration of the designated time period, applicants who have received an adverse moral character determination or withdrew their application under Chapter 4 of the Admissions Rules must file a complete Application for Determination of Moral Character form with two fingerprint cards or a completed Request for Live Scan Service form and the appropriate fee. If submitting a hard copy application, the completed form and fee must be forwarded to the Los Angeles Office of Admissions.

COMPLETION OF INVESTIGATION

Applications for Determination of Moral Character and Applications for Extension of Determination of Moral Character generally will be processed in a minimum of 180 days, and the process may take additional time if there are issues in an applicant's background that require further investigation and/or review by the State Bar.

Applicants who are in their last year of law study are encouraged to file their Application for Determination of Moral Character at the beginning of their last year of law study, and all applicants are encouraged to file at least eight to ten months prior to the date they wish to be licensed to practice law in California.

Failure to file your Determination Application or Extension Application in a timely manner could delay your admission to practice law.

During the course of each moral character investigation, the State Bar routinely contacts many sources and outside agencies; therefore, staff is not in a position to provide information on the status of the investigation until approximately 120 days have elapsed. If in the course of the
investigation staff requires further information or documentation, applicants will be contacted prior to the completion of the investigation. Applicants will be notified when the investigation has been completed.

Any questions regarding the status of an application after the lapse of 120 days should be made via the applicant portal. If submitting a hard copy application, status requests may be submitted in writing or via the applicant portal.

COMPLETION OF APPLICATION

All questions on the application must be answered accurately; otherwise, the application will be considered incomplete. Before submitting an application, applicants should check to ensure that all questions have been answered, all applicable forms have been completed and uploaded (or attached if the application is submitted in hard copy form), and the application is signed. The application must be signed, the correct fee included, and a completed Request for Live Scan Service form or two completed fingerprint cards. Any application not meeting these requirements is considered incomplete, and will not be considered filed until it is brought to a complete status. If submitting the application in hard copy form, the application must be received in the Los Angeles Office of Admissions within 30 days of the date the application was signed. If it is not received within 30 days of the date the application was signed, the application will be returned to the applicant with a blank Authorization and Release form that the applicant will be required to complete, sign, and return to the Office of Admissions, along with the application.

If you are submitting the application in hard copy form and the application does not provide sufficient space for the response to a question, the response should be continued on a separate piece of paper and attached to the back of the application.

If you are submitting the application in hard copy form, you should retain a copy of your completed application for reference in the event that another application must be filed in the future.

FINGERPRINTS

Section 6054 of the California Business and Professions Code mandates that the State Bar of California:

. . . require that an applicant for admission or reinstatement to the practice of law in California, or may require a member pursuant to subdivision (k) or (l) of Section 6068, be fingerprinted in order to establish the identity of the applicant and in order to determine whether the applicant or member has a record of criminal conviction in this state or in other states. The information obtained as a result of the fingerprinting of an applicant or member shall be limited to the official use of the State Bar in establishing the identity of the applicant and in determining the character and fitness of the applicant for admission or reinstatement, and in discovering prior and subsequent criminal arrests of an applicant, member, or applicant for reinstatement. . . .

An Application for Determination of Moral Character or Application for Extension of Determination of Moral Character will not be considered complete without the appropriately processed fingerprints. Section 6054 also requires: “All fingerprint records of applicants admitted or members reinstated, or provided pursuant to subdivision (k) or (l) of Section 6068, shall be retained thereafter for the limited purpose of criminal arrest notification." Fingerprint records submitted in connection with an admission application will be maintained by the California Department of Justice for the limited purpose of compliance with the statute.

Pursuant to California Penal Code section 11105.2(f), the State Bar shall immediately notify the California Department of Justice when an applicant is denied admission to the State Bar, in order for the Department of Justice to terminate arrest notification services and cease retention of the applicant’s fingerprint records.

LIVE SCAN PROCESSING

Applicants who reside in California must submit fingerprints via Live Scan technology to be processed by both the California Department of Justice and the FBI. Requests for Live Scan Service
Fingerprints will be emailed to online applicants after their applications have been submitted. A Live Scan Form will be provided to the applicant with the hard copy application form. Please see Fingerprint Instructions for California Residents.

**FINGERPRINT CARD PROCESSING**

Applicants residing outside of the State of California must submit prints on fingerprint cards (FD-258). Please see Fingerprint Instructions for Out-of-State Residents.

**FINGERPRINT INSTRUCTIONS FOR CALIFORNIA RESIDENTS (LIVE SCAN TECHNOLOGY)**

Live Scan technology replaces the process of recording an individual’s fingerprints on fingerprint cards. Online applicants must make one additional copy of the Live Scan Form, and applicants submitting a hard copy application must make two additional copies that are to be taken to an agency providing Live Scan services with a valid photo identification (expired photo identification cards will not be accepted). The Live Scan operator must complete the last section of the Request for Live Scan Service form on all copies. The Original Copy is retained by the Live Scan operator, the Second Copy is attached to the completed hard copy Determination Application or the completed Extension Application. Online applicants must upload the completed Live Scan Form via the applicant portal. A copy is to be retained by the applicant. The list of agencies providing Live Scan fingerprinting services in California may be obtained through the Office of the Attorney General - California Department of Justice website.

If an applicant’s prints are rejected because of poor quality, the applicant will be asked to return to the original live scan location for reprinting. The applicant is to take their copy of the Request for Live Scan Service form and a copy of the rejection notice sent to them by the Office of Admissions. The printing agency will scan new prints and forward them to the Department of Justice for processing. The reprinting service fee will be waived. Failure to provide the two stated documents will result in a service charge for reprinting.

**INSTRUCTIONS FOR COMPLETING THE REQUEST FOR LIVE SCAN SERVICE FORM**

Note: The Application for Determination of Moral Character or Application for Extension of Determination of Moral Character must be submitted and received within 90 days of the date you complete the Live Scan process. Otherwise, your moral character application will be considered incomplete, and you will be required to complete the fingerprint process again.

**FINGERPRINT INSTRUCTIONS FOR OUT-OF-STATE RESIDENTS (FINGERPRINT CARDS (FD-258))**

Effective July 1, 2005, the California Department of Justice only processes fingerprints through the Live Scan Fingerprinting System unless an exemption is granted. Since only Live Scan Fingerprinting Agencies located in California are utilized, applicants who do not reside in California are required to submit, with their application, two fingerprint cards on form FD-258. At times, there are delays in processing fingerprint cards by criminal justice agencies or delays due to fingerprint card rejection by
those agencies, for which the Office of Admissions is not responsible. These delays may impact the time needed to process an Application. The fingerprints must be taken by a law enforcement agency (e.g., police department, sheriff’s department) or by an agency that requires an applicant to provide appropriate identification. If the official taking the fingerprints has difficulty obtaining prints of acceptable quality because of the physical condition of the applicant's fingers (e.g., dermatitis), the official should be requested to explain in writing why the prints are of the best obtainable quality. That explanation should accompany the fingerprint cards. Fingerprints will be forwarded to the California Department of Justice and FBI for a record check.

To obtain fingerprint cards (FD-258), contact your local law enforcement agency. Your law school may be able to recommend a local police or sheriff’s office. You may also obtain fingerprint cards by contacting the State Bar at 800-843-9053.

**Two original and completed fingerprint cards must be mailed to the Los Angeles Office of Admissions. Submission of the fingerprint cards via the applicant portal is not acceptable.**

**Applicants must complete identifying information required on the fingerprint cards using only the abbreviations listed below.** Failure to provide all correct information will result in a delay in processing the application, along with the return of the fingerprint cards for completion.
