STATE BAR OF CALIFORNIA

Recruitment for Executive Director
MISSION
The State Bar’s mission is to protect the public and includes the primary functions of licensing, regulation and discipline of attorneys; the advancement of the ethical and competent practice of law; and support of efforts for greater access to, and inclusion in, the legal system. The State Bar serves the people of California through careful oversight of the legal profession. The State Bar licenses more than 260,000 attorneys, and annually investigates approximately 16,000 complaints of attorney misconduct and distributes over $75 million in grants to legal aid organizations.

HISTORY
The California Legislature created the State Bar as a public corporation in the 1927 State Bar Act. The State Bar Act authorized the State Bar, subject to approval by the California Supreme Court, to fix the qualifications for admission to practice law, adopt Rules of Professional Conduct, and conduct disciplinary proceedings. The State Bar Act also authorized the State Bar to aid in the administration of justice. In 1960, the electorate added the State Bar to the California Constitution. That provision, as amended in 1966, provides: “The State Bar of California is a public corporation. Every person admitted and licensed to practice law in this State is and shall be a member of the State Bar except while holding office as a judge of a court of record.”

In 2011, the California Legislature amended the State Bar Act to make public protection “the highest priority for the State Bar of California and the Board of Trustees in exercising their licensing, regulatory, and disciplinary functions.” (Business and Professions Code section 6001.1) Consistent with a statutory change effective January 1, 2018, functions and activities outside of the core mission of the State Bar were transferred to a new, private, nonprofit corporation. The sole focus of the State Bar in protecting the public is now on its regulatory function. Additionally, diversity and inclusion are an integral part of the State Bar’s public protection mission to build and retain a profession of attorneys capable of providing high-quality legal services and representative of the rich diversity of California’s population.

GOVERNANCE – THE BOARD OF TRUSTEES
The State Bar is governed by an appointed Board of Trustees. The Board consists of 13 members – five attorney members appointed by the Supreme Court; one attorney member and one public (non-attorney) member appointed by the Speaker of the Assembly; one attorney member and one public member appointed by the Senate Committee on Rules; and four public members appointed by the Governor and subject to Senate confirmation. Each member is appointed for a four-year term.

The Board is responsible for developing the guiding policies and principles underpinning the State Bar’s mission. Among its responsibilities, the Board provides guidance and feedback to the Executive Director to ensure effective management and leadership of the State Bar. The Board of Trustees is the ultimate executive authority of the agency and has the fiduciary responsibility for the health and success of the State Bar.

BUDGET & STAFF
The State Bar’s 2020 budget is $242 million. The State Bar receives most of its revenue from mandatory fees, which include the attorney licensing fees. Additional revenue comes from examination fees from the First-Year Law Students’ Examination and the California Bar Examination, voluntary fees and donations, grants, and other sources such as interest on Lawyer Trust Accounts, other program registration and renewal fees, rental income and investment income. The State Bar is not part of the traditional State budget process, but the majority of its funding is dependent on annual licensing fee legislation.

The 2020 adopted budget funds 607 full-time equivalent positions. The majority of employees are represented by Service Employees International Union (SEIU), Local 1000. Staff is evenly divided between the State Bar’s offices in downtown San Francisco and downtown Los Angeles. The State Bar owns both of the buildings it occupies.

- Enforcing Rules of Professional Conduct for attorneys
- Disciplining attorneys who violate rules and laws
- Administering the California Bar Exam

STRATEGIC PLAN
The State Bar develops and adopts a five-year strategic plan which is updated every two years. Each year the State Bar conducts a planning session to review its progress and propose other measures to enhance its mission of public protection. Progress reports are provided to the Supreme Court, the Governor, and the Senate and Assembly Judiciary Committees.

The Strategic Plan includes five broad goals, each of which is effectuated through several specific objectives. The State Bar is currently in year 3 of the 2017-2022 Strategic Plan. The full Strategic Plan can be viewed at www.calbar.ca.gov.
