Every member shall register by signing a registration card which, in substance, shall contain the following information:

**(1)A.** Surname and given names or names.

**(3)C.** Places and dates of admission prior to admission in California.

**(4)D.** Date and place of birth.

A member shall maintain on the member's registration records of the State Bar the member's current office address and telephone number or other address for State Bar purposes. Within 30 days after any change therein, the member shall file a change of office address and telephone number with the State Bar. Said change of office address and telephone number shall be filed either in the form provided in the annual fee statement or separately in writing, and shall contain the member's full name, old and new address.

**B. A member's home or residence address, to the extent that address appears in the Member Address Change History maintained by the Secretary or designee, may be deemed confidential and therefore exempt from public disclosure. The member must request confidentiality for that information and maintain a current non-confidential address of record for State Bar purposes as required by paragraph A of this section.**
