

New Online My State Bar Profile Reporting Features

Rule 2.2 of the Rules of the State Bar of California was amended effective December 1, 2020. In addition to other required information, attorneys are also required to report the following: a professional website (if one is maintained), practice sector, law firm size, and any additional jurisdiction admission. These required items can now be reported online in your [My State Bar Profile](#). Log in to your profile to access these new online reporting features. Need help accessing your profile? [View this guide](#).

You can now also report online the following optional information for display on your public profile: area(s) of practice and languages spoken by you or your office staff.
