July 2026 California Bar Examination
General Bar Examination Score Percentile Table

The table below shows the total scaled scores associated with the 5th through 95th percentiles for unadjusted and adjusted scores for the General Bar Exam only. Applicants who participated in the State Bar's November 2024 Bar Exam Study and answered at least 28 of 49 experimental questions correctly had their scores adjusted by adding 40 scaled score points to their multiple-choice scale score. This is equivalent to adding 20 scaled score points to the total scaled score.
