

OCTOBER 2025 FIRST-YEAR LAW STUDENTS' EXAM ADMITTANCE BULLETIN

Starting September 30, the State Bar will notify applicants approved for the October 2025 First-Year Law Students’ Exam (FYLTX) that their Admittance Ticket is available in the Applicant Portal. The Admittance Ticket serves three primary purposes: to confirm that the applicant has been approved to sit for the FYLTX; to indicate the applicant’s approved testing method (in-person at a test center or remote testing) at the time the ticket is issued; and to reflect the applicant’s name and other identifying information as recorded with the State Bar. Applicants are not required to print or present the Admittance Ticket to enter a Prometric test center or when logging into the exam remotely.

If you do not receive the email on September 30, it may be because one or more items are still pending: your eligibility status is pending, your request for testing accommodations is pending, or you have not completed the demographic section in the Applicant Portal (you are required to complete this section, but you may select "Decline to Answer" for any question). Your Admittance Ticket will be available once these items are resolved.

If any information on the Admittance Ticket is incorrect (e.g., a misspelled name or inaccurate address), the applicant must notify the State Bar immediately via the Applicant Portal. A corrected ticket will be issued as needed.

This Admittance Ticket Bulletin is released alongside the Admittance Ticket and contains essential information to help applicants prepare for the FYLTX. It provides detailed guidance on exam rules, procedures, and requirements. All applicants are strongly encouraged to read this bulletin thoroughly prior to exam day to ensure full compliance with all policies and expectations.

EXAM OVERVIEW

The October 2025 FYLTX will take place on Tuesday, October 28, 2025. The October 2025 exam will be administered primarily in person at Prometric test centers. For those candidates approved by the State Bar of California to test in person at a Prometric test center, Prometric offers a network of standardized computer-based test centers. Testing at these locations is administered on Prometric provided computers using Prometric’s easy-to-use computer-based test-taker application. Candidates must schedule an appointment for a specific location. Availability is first-come, first-served. Start time for the exam will be based on the scheduled appointment time.

Out-of-state applicants and other candidates may request remote testing if there are no test sites near their residence. Such applicants can request remote testing when submitting their application. These requests will be evaluated on a case-by-case basis. Applicants testing remotely are required to meet the minimum system requirements of the Prometric remote software and take a mandatory practice exam.

Those testing in person at a test center will be provided with physical scratch paper, which will be destroyed after the exam. The contents of the scratch paper will not be graded. Applicants testing remotely on their own computer will have access to virtual scratch paper through the Prometric platform.

Handwriting the exam is allowed for applicants who either selected this option in their approved exam application or those with certain approved testing accommodations. Handwriters will receive hardcopy booklets with the questions printed in them, a Scantron sheet to bubble-in their answers, and may use their booklet to take notes.

EXAM FORMAT

The FYLSX consists of 100 multiple-choice questions that measure the content areas of Contracts, Criminal Law, and Torts. For the October 2025 exam, 25 of the 100 multiple-choice questions will be new items covering each of the three content areas. These 25 items are being operationally pretested. Following the exam, the new exam questions will be statistically analyzed to ensure that they perform as intended. Any new items that do not meet evaluation criteria will be removed from scoring so that they do not negatively impact an applicant’s score. More information about the scope and grading of the FYLSX is published on the State Bar’s [webpage](#).

The multiple-choice questions are split into two sections of 50 questions each. Applicants can answer the 50 multiple-choice questions in each section in any order they prefer. Once a session is complete, the applicant cannot return to that session.

There will be two exam sessions available, allowing applicants to choose between a morning or afternoon session. Available start times will be between approximately 8:00 and 9:00 a.m. PT and 12:30 and 1:00 p.m. PT. Each exam session will be administered as follows:

Session	Duration
Multiple-choice questions 1-50	90 minutes
Break	20 minutes
Multiple-choice questions 51-100	90 minutes

Applicants approved for extended time accommodations will have a modified testing schedule. The State Bar will contact all applicants granted extended time regarding their specific schedules.

TESTING ENVIRONMENT

Test Center

The State Bar works with Prometric to ensure that its test centers offer an appropriate testing environment. However, events, conditions, or actions of third parties beyond their control may occur.

Applicants should be prepared for either warm or cold temperatures, as the temperature of the test center may fluctuate due to the weather or the test center’s cooling/heating equipment. Applicants should be prepared to accommodate noises, including those made by others taking the exam, proctors carrying out their duties, people entering/exiting the exam room, equipment both inside and outside the test center that may produce noise during operation, and other events in the same facility. It is strongly recommended to bring foam earplugs.

Find more information about the test center experience on Prometric’s [On Exam Day webpage](#).

Remote Exam

For applicants approved to take the FYLSX remotely, it is their responsibility to ensure that their testing environment meets the following requirements:

- Only laptops with a single monitor can be used for the exam. Dual-monitor configurations are not allowed.
- Testing location must be indoors (walled), well lit, free from background noise and disruptions.
- No third party may be present in the room or enter the room for the duration of the exam. If this occurs, your exam will be terminated and/or your results invalidated.
- Your workstation and surrounding area must be free of pens, paper, electronic devices, etc. No content that could potentially provide an unfair advantage during your exam, including that posted on walls or within your immediate area, may be present during your exam session.
- Two tissues are permitted at the workstation but must be inspected by the Proctor prior to the start of your exam.
- If taking an exam from a company office, windows and/or glass doors must be covered or contain frosted glass to eliminate distractions and prevent outside viewing.
- If testing from a personal space (home office, hotel, etc.), windows and/or glass doors should be covered to eliminate distractions – if possible.

It is also the responsibility of applicants testing remotely to ensure they have a stable internet connection. It can help to identify the place where WiFi is strongest and test there, and to not have others taking up internet bandwidth with Netflix, social media, etc.

Find more information on Prometric’s [Remote Exam Experience webpage](#).

SCHEDULING AN EXAM APPOINTMENT

Beginning September 30, applicants approved to sit for the October 2025 FYLSX will receive a scheduling authorization email from the State Bar with information on how to schedule an exam appointment with Prometric. Please allow for up to 24 hours from receipt of the scheduling authorization email before attempting to schedule your appointment.

The deadline to schedule your exam appointment for the October 28 exam is October 19. Applicants taking the exam remotely must also schedule and complete a separate practice exam by October 19 using the same computer they will use on exam day.

You can schedule your exam appointment online via Prometric's website using the specific link provided by the State Bar in its email to you. Applicants can also schedule an exam appointment by contacting the Prometric contact center at (888) 842-9321, Monday through Friday between 8:00 a.m. and 5:00 p.m. (ET).

Applicants with approved testing accommodations may now schedule their exam online as well. In the past, these applicants were required to contact Prometric by telephone. If you experience difficulty scheduling your exam, and you have an approved testing accommodation, please contact the Prometric Testing Accommodations Unit at (800) 967-1139 Monday through Friday between 8:00 a.m. and 5:00 p.m. (ET).

After your exam is scheduled, Prometric will send you a confirmation email with further details.

CANCELLATION OR RESCHEDULING

All exam schedule changes must be made directly with Prometric online or by phone. A voice mail message is not an acceptable form of requesting an appointment be rescheduled or cancelled. Rescheduling is only permitted within the same exam administration.

A \$60 fee is required to cancel or reschedule your exam appointment between September 30 and October 22. Applicants who cancel in this period can make a new exam appointment for the same administration. After October 22, rescheduling or canceling an exam appointment is not available.

EXAM ADMINISTRATION RULES AND POLICIES

This section outlines the rules and regulations that applicants must adhere to during the exam. Review the following carefully to ensure compliance and avoid any issues on exam day. Applicants should also visit Prometric's [Test Center Policies webpage](#) and [rules document](#), as well as Prometric's [Remote Exam Experience webpage](#), to become familiar with Prometric's policies and procedures.

Applicants must follow all the rules and procedures set forth in this Admittance Ticket Bulletin, Prometric's Acceptance and Acknowledgement of Testing Conditions Form, and [Title 4, Division 1, Chapter 6 of the Rules of the State Bar](#) and [Guidelines Governing the Interpretation and Application of Chapter 6 of the Admissions Rules](#). Failure to do so may result in receiving a conduct violation notice (Chapter 6 Notice) pursuant to the State Bar's rules and guidelines, receiving a sanction of zero for a section of the exam, or for the full exam, or a referral to the Moral Character Determinations unit.

ATTENDANCE

Applicants must be on time for the exam. Applicants should plan to arrive at the test center for in-person testing or enter Prometric's ProProctor™ application for remote testing at least 15 minutes before the scheduled appointment time to start the check-in process. Applicants who arrive at the test center or attempt to check in online 30 minutes or more after their scheduled appointment time will not be permitted to take the exam.

Applicants who are absent for any portion of the exam will be considered as having not taken the exam, and their answers will not be graded. Applicants are required to make a good-faith effort to complete each session they attend. Failure to do so may result in receiving a conduct violation notice (Chapter 6 Notice) and being prevented from taking any remaining exam sessions.

Any applicant who exits the view of the camera or exits the test center while the exam is in progress will not be allowed to re-enter to complete the exam.

CONDUCT

Applicants are expected to demonstrate integrity, honor, and ethical behavior during this exam and all exams administered by the State Bar. They must comply with the conduct expectations outlined in [Title 4, Division 1, Chapter 6 of the Rules of the State Bar](#), the accompanying [Guidelines Governing the Interpretation and Application of Chapter 6](#), as well as the rules and procedures stated in this Admittance Ticket Bulletin and Prometric's Acceptance and Acknowledgement of Testing Conditions Form. Failure to follow oral or written instructions, or any violation of exam rules—including bringing prohibited items, continuing to write or type after time is called, attempting to view another test taker's work, speaking during the exam, behaving unprofessionally toward others, or conduct that compromises exam security, safety, or administration of the exam —may result in the issuance of a Chapter 6 Notice.

Applicants who receive a Chapter 6 Notice may be [subject to sanctions](#), including dismissal from the test center, referral to the Moral Character Determination unit, or receiving a score of zero for the test session in which the Chapter 6 Notice was issued.

Smoking is not allowed during any exam session.

PERMITTED ITEMS

All applicants taking the exam in person at a Prometric test center or online remotely must bring a valid government-issued photo identification (e.g., driver's license, California Identification Card, or passport) with them to each session of the exam.

Applicants must adhere to the specified list of permitted items below for both online remote exams and in-person testing at a Prometric test center. If any unauthorized items are brought into the exam room, whether intentionally or unintentionally, the proctor is obligated to notify Prometric and the State Bar.

Applicants found in the exam room with any item not listed as permitted may have the item confiscated, may receive a [Chapter 6 Notice](#), receive a score of zero for that test session, and face additional sanctions from the State Bar.

Applicants who wish to bring items into an exam room that are not listed below but are necessary for a disability-related functional limitation for the in-person or remote administration of the exam must submit a Testing Accommodations Request Form in the Applicant Portal by the deadline and receive approval of a granted testing accommodation. Permission to use specific items will not be granted as a matter of convenience or preference.

Test Center

Only the following items are allowed in the exam room without prior approval. All items are subject to inspection. Personal items not listed below as permitted in the exam room must be stored in a locker provided by Prometric. Personal items include, but are not limited to, cash, credit or debit cards, and keys. A locker key will be provided to each applicant. However, applicants are responsible for their own belongings, and the State Bar is not liable for any lost, stolen, or damaged items.

- Back support (one permitted; no cover)
- Chapstick and lip balm (no label or writing)
- Diabetes-related equipment (no food or drinks)
- Eye drops (no larger than 0.5 ounces; no label or writing)
- Eyeglasses (no cases or sunglasses)
- Face masks (no writing)
- Foam earplugs (not connected to one another)
- Footrest (one permitted)
- Government-issued photo identification (e.g., driver's license, California Identification Card, or passport)
- Hearing aids
- Inhalers
- Locker key (provided by Prometric)
- Menstrual products
- Orthopedic cushion or pillow (one permitted; no cover)
- Over-the-counter and prescription medications
- Pencils (provided by Prometric)
- Physical scratch paper (provided by Prometric)
- Religious headwear
- Silent analog watches, nondigital timers, and clocks (4" x 4" or smaller)
- Splints, braces, crutches, casts, or wheelchairs
- TENS units
- Unwrapped cough drops
- Water bottle (one unlabeled, clear bottle or cup with a lid, no larger than 40 oz; no other types of drinks or powder drink mixes are permitted)

Items that have been approved through the testing accommodations request process will also be permitted.

Remote Exam

Only the following items are allowed in the possession of or located near the applicant in the room where they are taking their remote exam without prior approval. All items are subject to inspection.

- Back support (one permitted; no cover)
- Chapstick and lip balm (no label or writing)
- Diabetes-related equipment (no food or drinks)
- Eye drops (no larger than 0.5 ounces; no label or writing)
- Eyeglasses (no cases or sunglasses)
- Footrest (one permitted)
- Government-issued photo identification (e.g., driver's license, California Identification Card, or passport)
- Hearing aids
- Inhalers
- Keyboard and mouse (wired or wireless)
- Menstrual products
- Orthopedic cushion or pillow (one permitted; no cover)
- Over-the-counter and prescription medications
- Religious headwear
- Splints, braces, crutches, casts, or wheelchairs
- TENS units
- Unwrapped cough drops
- Water bottle (one unlabeled, clear bottle or cup with a lid, no larger than 40 oz; no other types of drinks or powder drink mixes are permitted)

Items that have been approved through the testing accommodations request process will also be permitted.

Personal items not listed above must be stored outside of the room where the applicant is taking the exam.

EXAM PROCEDURES

All applicants taking the exam in person at a Prometric test center must bring a valid government-issued photo identification (e.g., driver's license, California Identification Card, or passport) with them to each session of the exam. Applicants who present identification with a name that does not match their name on record with the State Bar may not be allowed to take the exam. Acceptable forms of photo and signature-bearing identification include but are not limited to:

- Driver's license
- Government-issued identification card
- Passport

If your current government-issued photo identification does not include a signature, then a signature bearing secondary identification with a name that exactly matches the name provided to the State Bar of California during registration must be provided. Secondary identifications include some bank cards, credit cards, and some employee identifications.

TEST CENTER

Please note that these procedures may be subject to change as necessary.

Prior to the exam, a Prometric test center employee will:

- Visually check the applicant's valid government-issued identification. Applicants wearing masks will need to lower or remove the mask and will be required to show the reverse side of the mask. If an applicant wears glasses, the glasses are subject to inspection.
- Require applicants to sign in on the roster sheet with a Prometric-supplied pen.
- Require applicants to show their arms, ankles, and empty their pockets as a part of Prometric's security protocols. You will be scanned with a handheld metal detection device (with the exception of exempt individuals).
- Provide applicants with an assigned locker number and key for personal belongings not allowed in the testing room, if needed. Applicants will retain the key, and the locker area will remain under video surveillance while the center is open.
- Provide applicants with physical scratch paper and a pencil for taking notes.
- Assign each applicant a station with a desktop computer to complete the exam. The test center employee will then open the exam application and initiate the exam for the applicant.

During the exam:

- Monitoring of the test room will be performed using Digital Video Recording. Physical walkthroughs by proctors will also be conducted at least every 10 minutes.
- One 20-minute break is permitted between each 90-minute session of the multiple-choice questions. If an applicant has a question during the exam session, the applicant should raise their hand and wait for a test center employee to acknowledge them.
- Applicants should not access their lockers during the exam session. Applicants may access lockers only during scheduled breaks for food, drink, or medication.

Scheduled breaks:

- When a candidate completes a session and is ready to go on a scheduled break, the candidate will raise their hand to alert the proctor.
- Applicants will be required to repeat the check-in process before returning to the exam after leaving the test room. Test center staff will record when each applicant enters and exits the test room. Applicants are not required to sign the roster when they begin and return from breaks.

Once the exam is complete:

- Applicants will be asked to return to the reception/administration area to complete the sign-out process. Prometric test center employees will:
 - Have applicants sign out with a Prometric-supplied pen.
 - Instruct applicants to place any hard copy exam material into a secure bin.
 - Allow applicants to go to their lockers to collect personal items.
 - Allow applicants to return the locker key.

Applicants should visit Prometric's [Test Center Policies webpage](#) and [rules document](#) to become familiar with Prometric's policies and procedures.

REMOTE EXAM

Prometric provides a secure testing remote assessment platform, ProProctor™. Prometric will provide links to online tools that permit applicants to schedule an appointment, confirm computer compatibility, and launch the exam at the appointed time. Once the applicant has scheduled the exam appointment with Prometric, the applicant will need to download and install the ProProctor™ application on their computer. Applicants will then be able to complete a system readiness check to ensure that the applicant's computer is ready to run the application on exam day.

Proctors will monitor the applicant throughout the testing process on exam day and provide real-time applicant support using the computer's webcam and microphone.

Applicants must meet all technology and testing environment requirements. Refunds will not be issued for applicants who experience computer equipment failure or internet connectivity issues, use a laptop computer that does not meet the minimum system requirements, or who cannot meet the test environment requirements.

Prior to the exam:

- Personally install and certify the required exam software on your laptop. If you are using an employer-provided or organization-provided laptop, ensure you have administrator privileges to install software.
- Ensure your laptop computer passes the Prometric [readiness check](#), including having a functional internal webcam and microphone. The camera and microphone must always be on and unobstructed during the exam session. Desktop computers and tablets cannot be used. The webcam must be positioned above the laptop screen. It is not permitted to place it below, beside, or in any alternative location, such as integrated into the keyboard.
- Ensure your laptop computer meets Prometric's minimum system requirements found on their [Remote Exam Experience webpage](#).

- Schedule and complete a practice exam by October 19. The practice exam is meant to ensure that an applicant’s computer is compatible with the exam software and provides applicants the opportunity to become familiar with using the software. Applicants who do not complete the practice exam by the deadline will not be allowed to sit for the exam.

Before starting the exam:

- Prepare your device
 - Connect your laptop to the internet. To help ensure you have a successful experience for an online exam, identify the place in your home or other testing location where WiFi is strongest and test there, and do not have other family members using internet bandwidth with Netflix, social media, etc.
 - Close all applications and web browsers before launching ProProctor™. Disable VPNs, firewalls, and antivirus software, or take any additional steps as instructed in Prometric’s [Knowledge Base](#).
 - Plug your laptop into a power source and make sure your battery is fully charged in case of power failure. Do not connect your laptop to a docking station.
- Testing Environment requirements
 - Ensure there is no one else in the room.
 - Ensure that your testing space meets requirements (must be indoors (walled), well-lit, and free from background noise and disruptions). Your testing space must also be set up to eliminate distractions and prevent outside viewing. This may mean covering windows and non-frosted glass doors.
 - Remove all pens, paper, electronic devices, books, cell phones, and any additional monitors (second monitors are not permitted) from your workspace. Also, remove any content that could potentially provide an unfair advantage during your exam, including items posted on walls or within your immediate area.
 - Only two tissues are permitted at your workstation; these will be inspected by the proctor before your exam begins.
 - Turn off your cell phone, music, and TV.
- Use the bathroom, as you will not be able to leave the view of the webcam during the exam, except during the scheduled break time.

For the check-in and security scan on exam day:

- Log into the exam in the ProProctor™ application by the scheduled time. It is recommended that applicants log in 15 minutes early to complete the check-in process.
- Be alone in the room; no other person may enter the room or communicate in any manner by any means with an applicant during the exam for any purpose.
- Your laptop computer must pass the Prometric [readiness check](#), including demonstrating that the laptop has a functional webcam and microphone.
- All other computer applications will be disabled and must remain so during the entire exam.
- Check-in and security process
 - Take a photo of a valid, government-issued photo ID as directed on-screen.
 - A Prometric staff member, via video chat, will guide applicants through the security process. Applicants must comply with any additional security checks as requested, including showing their sleeves, pockets (by turning pockets inside out), glasses, and behind their ears. Applicants may be required to remove large jewelry items or pull their hair back.
 - Complete a 360-degree scan of the testing environment, including the desk area, under the desk area, the corners of the room, the walls, the chair, bookshelves, and a search of items on the applicant’s person and in their pockets. Applicants will have to lift their laptop and move it around to complete the scan. This will be the applicant’s last opportunity to put away all personal items. We recommend having a large bedsheet or linen available in the event you are asked to cover any areas.
 - If an applicant’s internet connection disconnects or malfunctions during the check-in process, Prometric will provide instructions on how to reconnect and resume the exam.

During the exam:

- Use a computer with a functional, always-on internal webcam and microphone that remains unobstructed during the exam.
- Sit at a desk or table (use of a bed, couch, or recliner is prohibited).
- Always remain in camera view unless you have been asked to take an action by your proctor or after you notify your proctor that you are beginning a scheduled break. A security scan will be required before resuming the exam after any break.
- Do not access any personal items, electronic devices, or unauthorized materials during breaks or at any point during the exam.
- No physical scratch paper is permitted. Applicants must use only the virtual scratch paper provided in the Prometric software.
- The workspace must be clean and uncluttered.
- No other persons or pets can be present in the room at any time.
- Technical Issues
 - Your proctor and Prometric’s automated tools are there to provide support while ensuring the security and integrity of the exam. Following these requirements and recommendations carefully will help you avoid violations and ensure your exam proceeds smoothly.
 - If your internet disconnects or you face other technical issues during the exam, follow the instructions provided by Prometric to reconnect. If you experience technical issues, visit [Prometric support](#) to chat with an expert.

Scheduled breaks:

- A scheduled break will begin automatically when an exam session ends—either because time runs out or the applicant chooses to end the session.
- The proctor will use the chat feature to provide instructions, including what to do when returning from the break.
- If you return before your break timer ends, you must notify the proctor via chat. The proctor will then complete any required check-in or security procedures before starting your exam session.

- If you return after your break timer ends and the next session has already started, you must still notify the proctor via chat to complete the necessary check-in and security steps. The exam timer will not be paused for those who return from their break late, so it is important that applicants return before their break ends and notify their proctor immediately.
- Failure to inform the proctor when you return from break may result in the next session starting without a pause, and you may be required to stop mid-session for check-in.

To avoid a possible violation, be sure to follow these best practices:

- Ensure that you have privacy for the entire exam and do not interact with other people or receive any outside assistance.
- Remain focused on the exam, without looking at prohibited items such as phones, textbooks, or notes.
- Do not read exam questions out loud.
- Do not use your mobile phone or any electronic device at any time.
- Do not get up from your computer for any reason until your exam is complete, except during the scheduled break time.
- Do not use any Bluetooth items.

If an applicant's internet connection disconnects or malfunctions for any reason during the log-on periods for the exam session, the applicant will be able to follow Prometric guidelines for restarting and getting back into the exam session.

Applicants are strongly encouraged to visit Prometric's [Remote Exam Experience webpage](#) to become familiar with Prometric's policies and procedures.

Summary of Minimum System Requirements for ProProctor™ Software

You must use a laptop computer that meets the following minimum system requirements in order to run Prometric's ProProctor™ software. Before exam day, complete Prometric's [System Requirements Readiness Check](#).

Device

- Only laptops may be used for the exam. Mobile phones, tablets (iPad/Android), and desktop computers are not allowed. Microsoft Surface or similar devices may be used only in laptop mode.
- Plug your laptop directly into a power source. Do not use a docking station.
- If you are using an employer-owned or organization-owned laptop, you must have administrator rights to install and configure ProProctor. Firewalls or security settings may otherwise prevent the software from working properly. For assistance, visit Prometric's Knowledge Base. Get help preparing your device on Prometric's [Knowledge Base](#).

Internet Connection

- Minimum speed: 5.0 Mbps download / 0.5 Mbps upload.
- Use the strongest possible connection. An Ethernet cable is strongly recommended. If using Wi-Fi, position yourself close to the router.
- Avoid interruptions. Do not share bandwidth during the exam (e.g., others streaming video or gaming). Weak or unstable internet can cause ProProctor to disconnect.

Hardware

- Monitors: Only one monitor may be used. You may connect a single external monitor, but in this case, you must close your laptop. Note that if you close your laptop, you cannot use its built-in camera, keyboard, or trackpad. Wall-mounted or TV monitors are not permitted.
- Screen resolution: Minimum 1024 x 768.
- Camera: A working webcam is required. If using an external monitor with a closed laptop, you must use an external USB webcam. The webcam must be positioned above the laptop screen. It is not permitted to place it below, beside, or in any alternative location. Keyboard-embedded cameras are not permitted.
- Speakers and Microphone: Both must be functional and enabled. Adjust the speaker volume before launching ProProctor, as you will not be able to change it once the exam begins.

Operating System

ProProctor supports the following operating systems:

- Windows 8.1 or higher
- macOS Monterey (12.x)
- macOS Ventura (13.3 and higher)
- macOS Sonoma (14.x)
- macOS Sequoia (15.x)

Additional Information

- VPNs, firewalls, and antivirus software can block ProProctor. Applicants are strongly encouraged to disable them before launching the exam. Prometric's [Knowledge Base article on VPNs](#) provides further guidance on how to do this.

ADDITIONAL INFORMATION

ADDRESS CHANGE

Applicants whose mailing or email address changes after filing their applications should update their admissions file with the new address through the Applicant Portal.

CONTACT

Applicants with questions about their Prometric exam appointment, the ProProctor™ application, or Prometric's procedures should contact Prometric using the options available on their [webpage](#). Applicants can also contact the Prometric contact center at (888) 842-9321 Monday through Friday between 8:00 a.m. and 5:00 p.m. (ET).

Applicants with questions about their status or other admission requirements, please submit a general request through the Applicant Portal or contact the State Bar's Contact Center at 800-843-9053 (for applicants located in California) or 415-538-2000 (for out-of-state applicants).

RESULTS

Results from the October 2025 FYLSX will be posted electronically through their Applicant Portal on December 12, 2025, at 6:00 p.m. (Pacific Standard Time). Learn more about the grading and scoring of the FYLSX on the State Bar's [webpage](#).
