SUBJECT: Members' Request for Adjustments to Fees and Penalties that Have Been Considered by the Membership Liaisons, Who Deemed that Good Cause Exists to Grant the Requests

EXECUTIVE SUMMARY

Members may request that adjustments be made to their membership fees and penalties. Title Two, Rule 2.16 (H) of the Rules of the State Bar requires the Board to find that good cause exists to grant requests for waivers that were denied by staff and authorizes the Board to consider all other requests for waivers. This item consolidates several member requests for which the Membership Liaisons have determined that good cause exists to recommend fee adjustments. Board members with questions or concerns may contact Starr Babcock, 415/538-2070 or starr.babcock@calbar.ca.gov.

ISSUE

Do the Committee on Member Oversight and the Board of Governors agree with the recommendations of the Membership Liaisons that good cause exists to grant the requests for fee adjustments for the State Bar members listed below? The Committee on Member Oversight and the Board of Governors may deny or agree in whole or in part with any of the Liaisons' recommendations.

BACKGROUND

Rule 2.16 of Title Two of the Rules of the State Bar of California provides for waiver of annual membership fees and penalties. Rule 2.16 (C) specifies circumstances where staff may grant a member's request for waiver of up to \$1,000 in annual membership fees and penalties for the year in which they are due. Rule 2.16 (H) provides that the Board of Governors reserves the

right to grant requests for waivers denied by staff if good cause exists, and to consider requests that fall outside of staff's authorization for granting a waiver of fees and penalties. Traditionally, Board members who are appointed as Membership Liaisons have reviewed the waiver requests that come under Rule 2.16 (H) and have made recommendations to the Board Committee on Member Oversight and the Board of Governors where the Liaisons determined that good cause exists to recommend adjustments.

In assessing what constitutes good cause for purposes of determining whether or not the Board of Governors should grant a fee waiver, the member's justifications for a fee waiver should be weighed against the public policy reasons for imposing annual membership fees. The primary public policy reason for imposing State Bar membership fees is to provide funding for an effective attorney regulatory system that protects the public and eases the burdens on the courts. The system is funded **solely** through the imposition and collection of annual fees. For this reason, membership fee waivers should not be granted as a matter of course, but rather should be limited to compelling, exigent situations where the member did not contribute to the cause of the failure to pay full fees.

MEMBERSHIP LIAISONS' RECOMMENDATIONS

The following members have requested adjustments to their annual State Bar membership fees. Staff has reviewed these requests and established that they do not meet the qualifications for staff waivers (See Rule 2.16 (C)), or the amounts are greater than \$1,000. The requests that are less than \$1,000 have been reviewed and denied by staff, and the members have appealed to the Membership Liaisons. The Membership Liaisons have determined that good cause exists to recommend the adjustments.
