TO: Board Committee on Regulation & Admissions
FROM: Staff
SUBJECT: 2009-Year End Work Plan Assessments

Attached are the 2009 Year End Work Plan Assessments for the Advisory Committees within the Board Committee on Regulation & Admissions' oversight function. Staff liaisons submit annually a report summarizing their committee's current year accomplishments and activities. The reports are distributed to the pertinent oversight committees who should assess the advisory committee's 2009 activities.

In conducting your assessment of the Committee of Bar Examiners, the Committee on Professional Responsibility and Conduct (COPRAC) and the Commission for the Revision of the Rules of Professional Conduct (RRC), committee members should consider the following:

1. How did the activities of the advisory committee further completion of the committee's charge?
2. What specific measurable program accomplishments were achieved and what program accomplishments were not achieved and why?
3. How is success measured and what type of information was provided? (Staff may include Performance Measures data in their report.)
4. Is there additional information needed and can that information be provided?
5. What changes, if any, should be made to the direction and desired outcomes related to the program?
