Statement of Assets, Liabilities & Net Assets:

This statement reports the Bar's assets, liabilities and net assets. For the quarter ended June 30, 2010, the Bar's total assets are \$167.2 million, liabilities are \$17.8 million, and net assets are \$149.4 million. The Bar's total assets increased by \$0.3 million compared to the same period in the prior year. The increase is primarily the result of a \$4.4 million increase in grants and other receivables, partially offset by the amortization of the Executive Staff Retirement Health Benefit net asset of \$2.8 million, and normal depreciation on capital assets of \$1.4 million.

The Bar's cash balance is up by \$13.8 million from \$59.5 million to \$73.3 million compared to June 2009. The increase in cash balance is offset by the decline in investments of \$13.4 million. These changes reflect a switch in investment allocation to achieve higher returns by maximizing

the Bar's investments with the California Local Agency Investment Fund (LAIF). At the beginning of fiscal year 2010, LAIF raised the investment limit from \$40 million to \$50 million, and during the first two quarters of fiscal year 2010, additional cash flows from matured securities were invested in LAIF. LAIF investments are classified as cash equivalents for financial statement purposes and accordingly are recorded in the cash line item. The invested balance for the reported quarter is \$49.8 million, representing approximately 40.2% of total cash and investments.

The Bar's total liabilities for the reported quarter are \$17.8 million, up by \$4.9 million compared to the second quarter in the prior year. The increase is due primarily to the Client Security Fund ("CSF") claims liability as a result of increased claims filed related to loan modification fraud. Accrued CSF claims liability as of June 30, 2010 is \$12 million, up by \$6 million or 100% compared to the same period in the prior year. The claims liability accrual is calculated based on a rolling 24 month historical claims payout ratio of 38.02% applied against total claims submitted and outstanding of \$31.7 million, as of June 30 2010.

The General Fund, the Bar's largest operating fund, has assets of \$40.1 million, liabilities of \$4 million and net assets of \$36.1 million. The General Fund's total assets decreased by \$3 million compared to 2009 due to an increase in interfund payables to other funds.

The General Fund's total liabilities declined by \$1.3 million compared to quarter ended June 30, 2009. The change is primarily the result of a decrease in accounts payable due to the timing of vendor payments compared to the same period in the prior year.

Statement of Revenue, Expenses and Changes in Net Assets – Comparison to 2009 Second Quarter Actual Results

This statement reports the Bar's revenues, expenses, excess (deficit) of revenues over expenses and changes in net assets. For the second quarter ended June 30, 2010, the Bar's total revenues (operating and non-operating) are \$108.6 million, and expenses are \$58.2 million, resulting in a surplus of \$50.4 million. It should be noted, however, that this surplus results from the fact that virtually all of the Bar's membership fee revenue is received by the first half of the year.

Total operating revenue for all programs through June 30, 2010 is \$107.7, an increase of \$4.4 million over the same period in 2009. This increase is the result of grant revenue recognized on an accrual basis in the same accounting period when the corresponding grant expenses were distributed to the sub-grantee in the Equal Access Fund program. The change in grant revenue is consistent with the \$3.9 million increase in grant expenses reported in this quarter of fiscal year 2010.

The General Fund's total operating revenue is \$58.9 million for the reported quarter, down by \$0.2 million compared to the \$59.1 million for the same period in 2009. Of significance are the \$.3 million decline in membership fees and the \$.3 million decline in CalBar Journal advertising revenue. The variance in membership fees is due to the delay in billing for the 2010 member fees that was required as the result of the 2010 fee bill veto. Total membership fee revenue is expected

to exceed 2009 once all payments are received in the third quarter. CalBar Journal advertising revenue is not expected to rebound to the 2009 level. With the transition away from the print version of the Journal, advertising revenue has significantly declined.

The General Fund's total operating expense for the quarter ended June 30, 2010 is \$31.8 million compared to \$30.5 million last year. A significant portion of the \$1.3 million increase is due to the one time transfer of \$1.2 million from the General Fund to the Building Fund to pay for roof repairs and waterproofing for the San Francisco building. The \$.7 million decrease in Governance costs results from a change in the way in which building costs are charged to General Fund departments. The \$.7 million decrease in Communications primarily results from the savings of production costs associated with eliminating the print version of the CalBar Journal.

Budget to Actual Comparison – General Fund

Each quarter, a budget to actual comparison report for the General Fund is prepared. This statement is designed to provide the Board with information about how the actual performance of the General Fund's revenues and expenses compares with anticipated (budgeted) results. The report includes a quarterly budget comparison as well as year to date and prior year comparison.

For the second quarter ended June 30, 2010, the General Fund's total revenue reflects an unfavorable variance of \$1.7 million as a result of the decline in membership fees and decrease in investment income. Membership fee revenues for the reported quarter came in at \$57.1 million, unfavorable to year-to-date budget by \$1.2 million, due primarily to the change of billing cycle deadline from end of June in 2009 to end of August in 2010. This unfavorable variance will be corrected as additional fees are recorded in the third quarter. The membership fee revenue is expected to remain in line with the annual budget for full year 2010. The General Fund's investment income of \$0.1 million for fiscal year-to-date was unfavorable to budget by \$0.3 million. This variance primarily resulted from lower short-term interest rates. The weighted average effective interest rate is down to 0.69 percent for the reported quarter, compared to 1.67 percent for the same period in the prior year.

General Fund actual expenses for the reported quarter totaled \$31.9 million, favorable to year to date budget by \$2.5 million. This positive variance is generated by lower than budgeted General and Administrative Expenses for all programs. General Fund actual net operating surplus at the end of the second quarter 2010 is \$27.1 million, favorable to the year-to-date budget by \$0.8 million.
